

year is worthy of high commendation and noble imitation & I think your Parish should be proud in having such a band who both freely & willingly & without a murmur gave their time and money towards the erection of the Lecture Hall now drawing towards completion which I pray may prove a blessing to the present and succeeding generations. Although I regret very much my removal from you & my separation from a sphere of work in which I took so much delight, it is still my earnest prayer, as it has been for many years that each & every member of your Parish "May so live in this life that in the world to come they may have life everlasting".

I am my dear friends Yours very faithfully
B. Quirk, D.D. Incumbent of Magherally.
